

PROPOSED DISCOUNTED FARE TABLES

Attachment A presents the existing board-approved and proposed discounted fares for station pairs between Simi Valley and Goleta. Board of Directors (Board) approval is requested solely for the Proposed Discounted Fares identified in this Attachment. For the duration of the 12-month Expanded Service Pilot, Multi-Ride Ticket fares are proposed to be discounted to \$50 and Monthly Pass fares are proposed to be discounted to \$150 for the station pairs shown below where the applicable existing board-approved fare exceeds those proposed discounted fares. The proposed discounted fares will be subsidized under the Cooperative Funding Agreement with Santa Barbara County Association of Governments and the Ventura County Transportation Commission. All other fares remain subject to the Pacific Surfliner Board-approved fare structure.
